JUMPY MONKEY®
PREMIUM COFFEE

Jumpy Monkey Coffee is “Coffee with a Cause!” Not only does Jumpy Monkey help raise funds for causes like this one, but we have our own mission to provide meaningful employment to individuals with disabilities.

Each bag of Jumpy Monkey Coffee is packed by a group of individuals from New Perspectives, Inc. in Sioux City, IA. NPI’s mission is to enhance the lives of persons with intellectual and developmental disabilities through innovative, individualized programs and services. Through our partnership, we are able to give jobs to a group of people who might not otherwise be able to find employment.

The Lincoln High School band members are fundraising for their individual student accounts, which helps them pay for amazing trips like their recent performance in the Hollywood Christmas Parade! Each student is responsible for raising funds for their account in order to participate in these types of trips and travel opportunities.
